Festival Events

The Labor Day Festival will be featured on W.T.T.G., Channel 5, on their Panorama Show, Wednesday, August 29, at 1:15 p.m.

Midway Booths

Si Pristoop, Chairman of the Midway booths of the Greenbelt Labor Day Festival, announces that there will be over 40 booths in the Midway area in the large parking lot behind the CO-OP Supermarket. These booths will be manned and operated by Greenbelt organizations which use them as a major fund-raiser while providing a true carnival attraction to the Festival.

All types of food will be available for sale including, pizza, hot dogs, hamburgers, corn on the cob, soft drinks, snow cones, cotton candy, caramel apples, popcorn, ice cream, cakes, and pretzels. A beer booth will serve adults. There will be a number of games of chance including the ever popular bingo and a dunking machine . . . if the ball is thrown right the person on the swing gets dunked. A white elephant booth will have all those treasures at low prices. Another booth will feature used books and magazine sale. Those believers in a better ecology will bring bottles and aluminum cans for the recycling machine. There will be a booth for painters, no experience necessary. If one hasn't had any good news lately, he can try the genuine, authentic fortune teller.

The carnival booths will be set up and open an hour before the opening ceremonies which start at 7 p.m., Friday, August 31.

Talent Contest

There are still openings for the Talent Contest. The chairman will accept pantomime, singing acts, baton, acrobatic entries, instruments, etc. Persons will have a chance to perform before a large audience. Call: 474-6666, Elizabeth Maffay, Talent Chairman.

Sports Event

The culmination of the 1973 slow-pitch softball season will be the Greenbelt Labor Day Tournament. This year's tournament will be a first-class event with a dozen outstanding teams, in double elimination, including four league champions and three runners-up. Among the contestants will be Greenbelt's own champions, Hogan's Heroes, as well as Greenbelt American Legion, Springhill Lakers and the Bombers. All games will be played on Braden Field #2. Weather permitting, the opening games of the tournament will be played on Friday, August 24: 6:45 p.m. Maryland Electric vs. College Park Legion; 8 p.m., Sheraton Silver Spring vs. Robbie's Greenbelt Bombers; 9:15 p.m., Maryvale Market vs. Springhill Lakers. Play will continue Saturday, August 25th at 10 a.m. with over a dozen games featured this weekend. The finals will be played 2 p.m., Labor Day September 3.

The Annual Labor Day Tennis Tournament will begin Saturday, August 25, 8 a.m., on the Braden Field Courts. The tournament will consist of competition in Men's singles and doubles and Women's singles and doubles. All championship matches will be held on Labor Day, September 3rd, beginning at 9 a.m.

Chess Expert

Local chess expert Joseph Sucher, 8 Lakeside Drive, will again be presenting two Chess Marathons at this year's Labor Day Festival, repeating one of last year's most popular features. He will take on ten players simultaneously, adding newcomers as players drop out.

Chessplayers, young and old, who wish to participate on either Saturday night or Sunday night, may register by calling 345-3456, or by

coming to the Greenbelt CARES booth at the festival and signing up on the spot. Please bring your chess set. Proceeds will go to Greenbelt CARES, sponsor of the Marathon. In case of rain the Marathon will be held in the Youth Center.

Art Show

Createo "73", the Labor Day Art Show, is looking for more art exhibits from our local art buffs. Call Linda Hicks, 474-6447.

Parade

The Labor Day Parade will begin at 10 a.m. Monday, September 3 and will feature a special guest, Miss Edna Hill of Columbia, Maryland, who was recently crowned "Miss Black Teenager."

The world-famous National Beer shire horses will also be a main attraction.

BULLETIN

As the News Review went to press, the city council (Mayor Richard Pilski and Councilwoman Elizabeth Maffay were not present) took the following action on the Greenbriar on-site sewage treatment plant:

1. Requested the Washington Suburban Sanitary Commission to suspend the permit granted for the treatment plant until NASA grants an easement for an outfall line across its property.

2. Directed the city manager to write NASA that Mayor Pilski's letter of May 22, 1973 represented the personal views of the Mayor, and did not express the views of the city council.

3. Requested the U. S. Environmental Protection Agency to prepare an environmental impact statement on the application for a point of discharge permit for the treatment plant.

4. Requested the county council to revise the text of the County Ten-Year Water and Sewage Plan to include nitrogen removal as a requirement for the Greenbriar sewage plant, to delete references to Glen Ora Apartments, and to indicate the appropriate point of discharge on the map in the plan.

CANDIDATES NIGHT

The League of Women Voters of Prince Georges County invites county voters to come and meet candidates for the County Board of Education. A primary election meeting will be held from 8 to 10 p.m. in Greenbelt library, Tuesday, August 28.

"GUYS AND DOLLS"

by Janet Weintraub

Frank Loesser's musical "Guys and Dolls", based on the colorful characters of Damon Runyan, is being given an exuberant and delightful treatment by the Prince Georges County Summer Teen Theatre. James Middleton directs the cast of local high school and college students. The last two performances will be given Friday, and Saturday, August 24th and 25th at 8 p.m. at Northwestern High School in Hyattsville. Tickets are available at the door.

WANTED

Circulation Manager for News Review. Work one night a week (Thursday) in your own home. Printer will deliver the papers to your home, after which the delivery boys and girls will come to pick them up for distribution throughout Greenbelt. This is a responsible position and a community service; it takes just one evening a week, and the pay is \$6.00 weekly. Circulation Manager must live within core of Greenbelt. 474-6060.

New City Council to Get PRAB Report On Parks

After three public hearings and more than a year of study, the city's Parks and Recreation Advisory Board has come forth with its recommendations concerning a city staff master plan prepared for the Greenbelt Lake-Braden Field area. The report (#7-73) has now been referred to the new council for its disposition. The city's capital improvement budget has allocated \$70,000 of the \$950,000 bond issue money for the development of the park area.

The city staff report, prepared some two years ago, has been controversial and stirred up much discussion at the public hearings. As a result the staff recommendations have been toned down by PRAB.

The PRAB report divides its recommendations into several areas.

Greenbelt Lake Park

Unlike the staff report, PRAB recommends neither an extension of the present parking lot, though some realignment is suggested, nor any group picnic pavilion along the north side of the lake between the road and lake. It recommends that the concession stand be moved to the land area at the northwest corner of the lake below the knoll and screened. Removal of the bandstand and basketball court is also recommended.

PRAB does not feel, as the staff report did, that the present entrance has to be rebuilt, but it does feel that a system of pathways should be developed and that one permanent smooth surface path should encircle the lake. PRAB also objected to a proposed illuminated colored light fountain in the lake.

PRAB generally recommended that the remaining area of the park be left wooded and beautified with additional plantings. It recommended, as did the staff report, that the shoreline be repaired, that the stream channel from Braden Field be improved, that a strip wildlife sanctuary be designated in the vicinity of the Pepco sub-station for birds and small animals, and that a warming pit for ice skaters and a play area near the Jaycee Center be constructed.

Near Charlestowne Village, PRAB urged additional tennis and basketball courts. Near the dam, it recommended that an open area be left for free play and that a filled area behind the public works building be made available for free play or a girls' softball field.

Parcel 7

Unlike the city staff report, PRAB did not recommend the inclusion of football or baseball fields in parcel 7. Instead, it recommended that Crescent Road be rerouted to bisect parcel 7 and be routed to provide at least 100-foot buffer between any dwelling and the road. In addition, it suggested a buffer to protect the privacy and property of the homeowners of Ivy Lane.

After the rerouting, PRAB recommends that the portion of parcel 7 north of Crescent be dedicated as a neighborhood recreation area. PRAB suggests that the area south of Crescent, including the old portion of Crescent Road, be joined to the main portion of the lake park to form a continuous area. This area could form the site for tennis courts. PRAB also suggested construction of an underpass under Crescent to connect with the lake park.

Braden Field

Here PRAB and the staff report were closely aligned. Both recommended additional tennis courts and their lighting, a new parking facility at the Youth Center, and addition of handball courts. PRAB also stressed the need for the city's securing of additional land suitable for athletic team events.

Twelve Candidates To Vie For Council Posts

A total of 12 candidates will compete for the five vacancies on the city council in the election on Tuesday, September 18. The latest candidates to file nominating petitions before the deadline last Monday were John Bogumill, 9 Olivewood Ct.; Fred Ford, 55-M Ridge; Elizabeth Maffay, 128 Northway; William McCarthy, 9150 Edmonston Road; Richard Pilski, 106 Rosewood Drive; Vincent Palacino, 7908 Lakecrest Drive; Charles Schwan, 7-A Crescent; and Thomas X. White, 8 Woodland Way.

CORRECTION

The report in last week's News Review that the Circuit Court hearing on the lawsuit filed by 10 Greenbelt Homes, Inc. members against the corporation would be heard on Thursday, August 23, was in error. The scheduled date for hearing is Thursday, August 30 in Upper Marlboro.

Children Must Have Shots For School

At the joint request of County Executive William W. Gullett and Health Officer Dr. Perry Stearns, the county school system has agreed not to admit first and second graders to class Sept. 4 unless they have started the vital six-shot immunization required under state law. The decision from School Superintendent Dr. Carl Hassel came Aug. 17 when health officials estimated perhaps as many as 5,000 Prince George's County youngsters have not had all of the immunizations for polio, measles, German measles, whooping cough, tetanus and diphtheria.

The Health Department will have four public health clinics operating daily from 8:30 a.m. to 4:30 p.m. and one clinic will have evening hours as well. The immunizations are free of charge. Parents, of course, may take their children to their own family physicians for the immunization. Call County Health Office - 773-1400 for further information.

By next Dec. 1, all other elementary school children will be required to show proof of having had the immunization series.

USED BOOKS NEEDED

Collection of used books for North End P.T.A. booth at the Labor Day Festival has developed a new problem this year -- **THEFT!** Clearly marked boxes have disappeared twice from the ramp leading to Consumer's Supermarket. Therefore, a container will be kept inside the store for the rest of the collection period. Boxes have also been placed in Twin Pines Savings and Loan and in Springhill Lake Pharmacy.

If transporting books to the collection points is a problem, call Mary Ann Baker, 474-1706, or Theresa Crowley, 345-9465.

ZONING HEARING

The county zoning hearing examiner will hear a special exception application on Monday, August 27, at 9:30 a.m. at Upper Marlboro Courthouse filed by the Jewish Community Center for the purpose of expanding the Partridgeberry elementary school at Ridge and Westway.

Following a well-attended public hearing on August 21, city council reaffirmed its earlier recommendation of approval for the variance, provided students use the back and side doors of the JCC building for ingress and egress.

WHAT GOES ON

Thursday, August 23, 7:45 p.m. GHI meeting, Hamilton Place

Friday, August 24, 8:30 p.m. Duplicate Bridge, Coop Hospitality Room

Monday, August 27, 7:30 p.m. Adult film "Picasso is 90; The Wyeth Phenomenon" - Greenbelt Library

Friday, August 31, 8 p.m. Concert at the Greenbelt National Park in Sweet Gum Picnic area - National Symphony Orchestra

They join the following four candidates who filed earlier: Richard Castaldi, Michael Burchick, James O'Sullivan, and Gil Weidenfeld.

A surprising development is the decision of incumbent Rhea Cohen not to seek re-election. All other four incumbent council members - Pilski, Schwan, Weidenfeld and Mrs. Maffay - are seeking another two-year term on the council.

Following are biographies received so far from the new candidates.

Ford

Frederick K. Ford III, 24 years old, is a native born Greenbelter. He graduated from High Point and the University of Maryland with a B.A. in Education. Ford teaches at Frederick Sasscer Junior High, Upper Marlboro, and has been appointed head of Transportation and Security at the school. He has eleven years experience as a baseball umpire and football referee in the Washington Metropolitan area, and is active in the Greenbelt Girls and Boys Club as Athletic Director and coach of the Boys 13 and under baseball team.

Ford was counselor of the Methodist Youth Fellowship of Mowatt Memorial United Methodist Church. He is also a member of the Prince Georges Country Club and the Alumni Association of the University of Maryland.

Ford lives with his parents, Mr. & Mrs. Fred K. Ford, Jr., of 55-M Ridge Rd., and has a sister, Crystal, and brother, Martin.

White

Thomas X. White, age 38, is a lifelong resident of the Washington metropolitan area. He resides at 8 Woodland Way with his wife, Helen, and six children, ages 7 through 16.

After graduating from Gonzaga High School in 1953, he entered the U. S. Navy and served for five years as a medical corpsman. After his discharge in 1959, the Whites settled in Greenbelt, and Tom graduated from the University of Md. with a B. S. in Microbiology in 1962. He has worked in the manufacture and production of viral and bacteriological diagnostic products for ten years. Presently he is employed as Technical Assistant to the Sterile Products Manager of BioQuest, Inc., a division of Becton and Dickinson.

A GHI member-owner since coming to Greenbelt, Tom was elected to the GHI Audit Committee for 1966, 1967, 1968 and 1969. In May, 1970, he was elected to the GHI Board of Directors and is presently completing his 2nd term as a Director. For the past two years he has held the position of GHI Treasurer and Chairman of the GHI Finance Committee.

Outside of GHI, Tom has participated in several city and county civic organizations. In 1964-65 he served as Vice President of the Greenbelt Jaycees; in 1966 he served as Vice Chairman of the Citizens for a Planned Greenbelt. Later he was a charter member and Chairman of the Greenbelt Save Our Community Committee. He served for one year on the Board of the Model Cities Program of Prince Georges County. As a delegate to the Prince Georges Civic Federation, he served this year on the Environmental sub-committee of the Interfederation Council, which represents civic associations throughout the metropolitan area.

The Whites are members of St. Hugh's Parrish, where Helen is a former member and secretary to the Parish Council, and both serve on the St. Hugh's Antiques Fair Steering Committee.

Tom is enrolled at the evening program of George Washington Univ., working towards a master's degree in Business Administration. He has continued his service in the Navy Hospital Corps and performs weekend duty as an active Naval reservist.

Mayor Pilski's Letter To NASA

Since last week's News Review has been criticized for not reporting in full the letter written by Mayor Richard Pilski to NASA endorsing the granting of a right-of-way for piping of effluent from the Greenbriar on-site temporary sewage treatment plant, here is the complete text of the letter.

CITY OF GREENBELT, MARYLAND

25 CRESCENT ROAD, GREENBELT, MD. 20770

May 22, 1973

Dr. James C. Fletcher, Administrator
National Aeronautics and Space Administration
400 Maryland Avenue, S.W.
Washington, D. C. 20546

Dear Doctor Fletcher:

Mr. Alan I. Kay has told me of his application to your agency for a right-of-way which would permit an outfall line to cross your land for approximately 150 feet. The outfall line is needed for the Greenbriar wastewater treatment plant. It is my understanding that in deciding on this request you want to get some understanding as to the feeling of the community concerning this project.

As Mayor of the City of Greenbelt and as a resident of Greenbelt for fourteen years, I want to tell you something about the feeling of our community concerning this project. The citizens of Greenbelt have an established and well-deserved reputation for being hard on developers. Our people don't just let things happen to them. They are on their guard. They look closely at anything that is proposed which would affect their environment. Also, they don't just rely on informal assurances. They look for binding commitments from anyone with whom they deal.

In this connection I must say that all of our people have been impressed by the way Mr. Kay has handled himself. We have made many demands of him. He has not haggled with us but has, time and again, agreed to our requests. When we asked for commitments, he gave them to us in a form satisfactory to our counsel. His commitments included enlargement of the recreation area, limitation on the number of people who will reside in the project (below existing County limits), improvements in the wastewater treatment facility (in addition to those required by the State). In fact, the need for the outfall line arises specifically from an improvement request which we made of Mr. Kay and to which he acceded.

In light of the changes to which Mr. Kay has agreed and on the basis of our study of the plans, we are satisfied that the Greenbriar development will be a valuable addition to our community. It will provide for good utilization of space already zoned for residential development and will add substantially to the tax base of our City. The majority of our Council are anxious to see the project go forward. I have no doubt that this Council majority reflects the attitude of a substantial majority of the citizens of Greenbelt.

I certainly hope you will grant Mr. Kay the right-of-way which we required him to get from you.

Sincerely yours,
Richard R. Pilski /s/
Mayor

Blacker To Speak
On West Africa

At Greenbelt Community Church, Miss Sue Blacker of 2-B Westway will speak on West Africa at the 10 a.m. service on Sunday, August 26. Everyone is invited to hear Miss Blacker, who served with the Peace Corps in West Africa. She will describe her experiences and the present situation, and show slides of Niger, which lies to the north of Nigeria and is one of the West African countries suffering extreme drought and famine.

Miss Blacker will make an appeal on behalf of the Africare Famine Relief Fund, which is channeling food and supplies to the six West African countries threatened with mass starvation.

Community Church News

Sunday morning services will continue on summer schedule at Greenbelt Community Church for two more weeks. On August 26, Miss Sue Blacker will speak on West Africa at the 10 a.m. service (see story).

September 2 will be observed as homecoming Sunday. The Rev. Ralph Weisser, who will serve as interim pastor for the next few months, will preach at the 10 a.m. service on a homecoming theme. Former members returning to Greenbelt for the Labor Day Festival are especially invited to attend and to participate in the communion service.

On September 9, the regular schedule will be resumed, with Sunday worship at 11 a.m.

Ruby McDermid

Ruby L. McDermid died at Holy Cross Hospital Sunday, August 19. She was the widow of Archie J. McDermid. She is survived by her daughter Allison Beatty, and four grandchildren. The McDermids lived in Greenbelt and were very active in civic affairs and in Greenbelt Community Church from 1942 until they moved to College Park in the late 50's. Memorial Services will be held on Sunday, August 26, at 3 p.m., at the United Methodist Church of North College Park, Rhode Island Ave., and Hollywood Road.

Methodist Church News

Rev. Cunningham will be on vacation from August 23-30. In case of an emergency, please call Rev. Robert Field, 474-5412 or 345-3456.

Guest speaker for Sunday August 26, will be Rev. Kenneth Buker. His sermon will be "Christians Cleansed." Read II Kings, Luke 5.

All choir directors will meet at Kay Oertel's on Tuesday, August 28, 3:30 p.m.

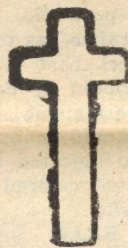

COOKING COURSE

"Nutritional Cooking," a non-credit course offered by the Prince Georges Community College, is scheduled for Tuesday evenings at Springhill Lake.

For further information call 336-6000, Ext. 218, weekdays between 8:30 a.m. and 8:30 p.m.

Soccer Exhibition Match

On Saturday, August 25, at 11 a.m. the World Bank Soccer Team of Washington, D. C. and Langley Park High School Soccer Team will play an exhibition game at Braden Field here in Greenbelt.

Overpopulation Lecture

Dr. John B. Calhoun of NIH, will speak at the Congregation Mishkan Torah on Sunday, August 26 at 9 p.m. Dr. Calhoun's topic is "Overpopulation - in Men and Mice," and he will discuss his controlled experiment in which laboratory mice were given everything they needed except space to expand. Overcrowding brought about adverse changes in mice. Question of whether there are similar trends in densely populated city areas will be discussed. The public is invited.

Prior to the lecture, at 8 p.m. Mishkan Torah members will hold a short meeting.

Diabetic Unit

Prince George's County Health Dept. mobile unit for diabetic testing will be at Beltway Plaza, August 24, 2-8 p.m. and August 25, 10 a.m. - 4 p.m.

NOTICE OF ELECTION

A General Municipal Election to elect five Council Members will be held

TUESDAY, SEPTEMBER 18, 1973

at the following polling places:

3rd Precinct - Greenbelt Municipal Building,
25 Crescent Road

6th Precinct - North End Elementary Schools
Ridge and Research Roads

8th Precinct - Springhill Lake Community Center
6220 Springhill Drive

POLLING PLACES - 7:00 A.M. to 8:00 P.M.

ABSENTEE VOTING: Section 7-5 of the Greenbelt City Code provides that any citizen of the city who is a qualified elector of the city and who is registered or has been issued a proper certificate of registration by the city clerk, but who would otherwise be prevented from voting in a general municipal election or run-off election because of absence from the city on the day of election, or because of illness or incapacity, or because of religious precepts or the laws governing the church or religious order of which he may be a member or follower, shall be entitled to vote by absentee ballot.

Applications shall be made in writing to the City Clerk, 25 Crescent Road, Greenbelt, Maryland 20770 no later than Friday, September 14, 1973. Ballots returned shall reach the office of the City Clerk before closing of the polls on Tuesday, September 18, 1973 at 8:00 P.M.

Gudrun H. Mills, City Clerk

Letters to the Editor

Open Letter to the Editor And Citizens of Greenbelt

The News Review story in reference to my letter to NASA in regards to an easement for the pipe from the treatment plant has been made to appear as some strange happening. Rather than picking and choosing the parts of the letter that fit their purpose in their article; it would have been better if they would have printed the entire letter.

For the last month the News Review and three council members have felt it must be time to begin their attacks, first on the private matters of my wife; and now a phony campaign issue for the September election. It doesn't surprise me, with the coming September election, that three members of council have suddenly developed amnesia or slight recollection in reference to the letter that had such an important issue as the easement for the pipe, which council had been talking about for months.

One council member recommended some language changes; two members read it; and now they can't remember it; although they felt it was personal.

Let's not be deceived by the September fever of forgetfulness that has stricken these 3 council members. This council has lived with Greenbriar from the time they took office. In my four terms on council no subject has been so thoroughly discussed, verified by experts; or so carefully prepared to prevent any harmful effects on Greenbelt. The resolution passed by a 4 to 1 vote spelled out what had happened, and the safeguards we wanted on this project; and work is already in progress.

For these reasons the letter was forwarded to NASA giving them the background of the city's dealing with the developer. This letter is and was on file since May 1973.

If these members of council, have not seen the work already in progress on Greenbelt Road, or the work being done on the treatment plant; I suggest they do so because it has followed the recommendations of **THIS COUNCIL**.

In all my years on council, I have tried to justify the trust and confidence of my constituents through my actions. I do not promise to always be on the popular side of an issue nor, unfortunately, will I always be right; however you can rest assured that the decisions I make are based on facts, and my conscience, and were exercised with complete integrity and honesty based upon what I think is right for Greenbelt.

Greenbriar would not be where it is today if there had been any opposition voiced by them, and their votes reflect it.

Richard Pilski
Mayor

Hot Water For Frames

To the Editor:

I was astonished to read in last week's News Review that GHI had conducted pressure tests of the heating system in 12 Court Ridge. The article also stated that GHI management recommended going ahead with conversion of the system from steam to hot water! Presumably the work in 12 Court was to test the feasibility of such conversion work in many of the frame home courts. If so, then why conduct the tests in a court where the system has required perhaps the least amount of maintenance of any of the frame courts over the years? Why not be realistic and conduct the tests on systems with problems?

Further, what would be gained by converting the 12 Court system? Surely it would be a long time before the cost of the work would be offset by any annual maintenance savings in a court where the expenses are minimal.

Wouldn't it be better to direct the GHI planning efforts toward the North End where the piles of dirt from excavations provide daily evidence of the heavy maintenance expenses there and of the extreme need for long-term realistic solutions?

David Lange

"Waltzing" With Kay

To the Editor:

"On guard" is just what Mayor Pilski has been in council negotiations with Alan Kay on the Greenbriar development. Why, at this late date, Messrs. Weidenfeld Schwan, and Ms. Maffay have decided that Mr. Kay is skulking around under the wing of the Mayor to "do Greenbelt dirty", I simply don't understand. I don't know Mr. Kay — I have followed closely the rather waltz-like process he has had to go through to meet the requests of Council — requests for safeguards that were fully agreed to by Mr. Kay. He has made these commitments in writing and, by now, everyone should be aware that the standards for Greenbriar surpass those required by the State of Maryland (thus, have EPA approval). In addition, Dr. Perry Stern, Maryland State Health Department Director, has approved Mr. Kay's plans. Why, then is it necessary to add more "waltz steps" to the choreography? With the additional studies, suspensions, public hearings, etc. being proposed by some council members, Mr. Kay is faced with untimely delays unnecessarily.

Unfortunately, there are two kinds of developers — those who try to work with the citizens of the surrounding communities — and those who proceed without regard to anything other than a cursory regard for laws, rules and regulations. We're lucky that Mr. Kay is one of the former and I admire the manner in which he has worked with the city. The alternative we could possibly face if Mr. Kay does not build is that an unscrupulous developer will!

Could it be the Messrs. Weidenfeld, Schwan and Ms. Maffay are having pre-election jitters and find it expedient to use delaying tactics to avoid a decision on the Greenbriar development?

My recollection of the news reports of the many past discussions on this matter had these three council members in full accord with Mr. Kay's plans. I'm sure he is wondering, as I am, what in the world happened!

Rita Dean

All Four Deserve Blame

To the Editor:

In its generosity the News Review is quite willing to share the credit among three members of the city council, credit that properly belongs to Rhea Cohen and Tom White for playing the decisive role in the NASA denial of the proposed Greenbriar sewage plant pipeline right-of-way.

The entire council majority should share the blame for making the Greenbriar project a two-year fight. Instead three council members once again climb on Rhea's bandwagon. Remember three years ago when she won the school site issue? They claimed credit for that, too? They are trying to leave the mayor holding the blame for approving the sewage plant, but for the past two years four members of council did their best to accommodate the Greenbriar developer with an almost endless stream of 4 to 1 votes on his behalf.

Their resolution containing the so-called "safe-guards" was meant to appease, not to safeguard, the citizens who petitioned and spoke before the council in opposition to the plant. And how often did the council majority of four fail to take a timely stand against the developer's wishes? After the approvals and permits have been issued, all the incumbents' phony grandstanding has the single effect of gulling the voter into thinking his council has really done something for him.

The thinking voter will remember the 4 to 1 votes, will remember that Rhea Cohen and Tom White have fought for the citizens and for their city. Since the majority never joined Rhea in her stand on Greenbriar, let them continue to stand apart now that credit is being distributed for NASA's decision. The four should share the blame. They deserve all of it.

Leonard Cohen

Rhea Cohen On Her Record To the Editor

I regret that I cannot run for re-election at this time because other important business would prevent me from devoting as much attention to City Council matters as they deserve. I want to thank the people of Greenbelt for giving me the opportunity to provide two years of nearly fulltime public service for this community.

During my term in office I have tried to get the taxpayer a better break and have steadily supported sound land-use policies and strong controls on water and air pollution. With the help of many good Greenbelt people, I have brought about a tax credit for elderly and disabled renters, consideration of the need for a city day care center and an in-city bus system study.

I also worked for pedestrian and bicycle overpasses across highways, correction of Parcel 15 erosion, acquisition of the Boxwood-Lakewood buffer, improvement of the parkland between Woodland Hills and Lakewood, and city opposition to the extension of Interstate Highway I-95 and the widening of the Baltimore-Washington Parkway.

This year I promoted accounting reforms and voted against the 1973-74 Budget because Federal Revenue sharing funds should have been used to lower the tax rate—as the city council had promised in last year's budget propaganda.

Greenbriar is the one issue which will have the most long-lasting effect on this city. The development of 1,193 garden apartments would increase Greenbelt Road traffic and spill sewage effluent into a Greenbelt valley. Aided mainly by Tom White, I and others raised questions concerning the sewage plant for almost two years, but the project was given the first impartial consideration only when Federal agencies became involved.

Now at last Greenbriar is the subject of an independent environmental review as a test case for a five-state region. But think: had the other members of council joined me long ago in a vigorous defense of Greenbelt's laws against water pollution and open burning, the Greenbriar tract might not have become the treeless moonscape it is today.

Of course I will remain active in city and county politics, especially as it relates to Greenbelt issues. First of all, I will campaign in this year's election for the one candidate who has spent years working in Greenbelt's interest and who will bring back those good old words 'honest government': Thomas X. White.

Rhea Cohen
City Council Member

For the Record

To the Editor:

I would like to take this opportunity to correct several details in the biography of my candidacy last week.

1. Although I am presently a member of the Boxwood Civic Association, in 1971 I was a member of the Board of Directors of the Springhill Lake Civic Association.

2. Before I was elected to the city council, I served on the Greenbelt Advisory Planning Board.

The above is just to keep the record straight.

Gil Weidenfeld
Councilman

Petition's Language

To the Editor:

K. Keene was gracious enough to admit that she wrongly impugned the motives and the intent of a petition circulated by the Greenbelt Save Our Community Committee. The language of the petition was as follows:

"We, the undersigned, strongly oppose the sewage treatment plant proposed for the Greenbriar and Glen Ora Apartment developments in Greenbelt. Because it would empty treated or raw sewage into Beavertown and Indian Creeks in Greenbelt, Berwyn Heights and College Park, it would:

1.) threaten public health; 2.) endanger the area's ecology; 3.) circumvent the sewer moratorium; and 4.) set a precedent for violating the principles of orderly planning."

There, in its entirety, is the petition that was signed by over 1,000 citizens in a little over 2 weeks time and presented to both the Greenbelt City Council and P. G. County Council in March of 1972.

I was not being vicious, as she charges. I merely found it hard to believe that an educated person could not have ascertained the language of the petition before making a charge about it. I also found it difficult to believe that someone as knowledgeable as she's purported to be could not have been aware that serious raw sewage overflows occur throughout this area and a good deal of them occur due to faulty treatment plants.

Instead of getting bent out of shape over the language of a citizen petition, I would have expected arguments to be based on the merits of the case and the conformity of such proposals with Greenbelt's Master Plan. Nowhere in that plan can there be found provision for on-site temporary sewage treatment.

Thomas X. White

Thanks

To the Editor:

NEWS REVIEW

BFol

We wish to express our deep gratitude to the many friends who sent their regards and best wishes for a quick recovery to my wife who is now home from the hospital.

Also, our gratitude to the Greenbelt Rescue Squad for their usual efficiency and promptness in getting my wife to the hospital and bringing her home.

John W. McCollum

Applauding Lesley Kreimer To the Editor:

It was with sheer delight I learned that a Prince Georges County school teacher was running for the County School Board!

Who could be more knowledgeable of existing problems within the schools than one who lives with and tries to solve them? At an informal coffee I had the opportunity to meet, enjoy, question and be impressed with the pertinent knowledge of Mrs. Lesley Kreimer, Counselor at Suitland Senior High and a hopeful candidate for PG County School Board. Her awareness of the deficiencies apparent under the existing school curriculum i.e. lack of practical vocational and business training, need for increased guidance and screening in the elementary level — for if needed emphasis and help is not available in these formative years, a child can be lost!

As a parent who has suffered 20 years of school inadequacies, and a business woman who deals with trainees having no practical knowledge of "how it really is," I feel a liaison between school and school board is not only desirable, but a dire necessity to improve the quality of education in our County Schools.

As a board member, this vivacious young woman could bring an awareness of actual situations and needed emphasis in neglected budgetary categories — add insight and depth to changes desirable to correct present failings in our school system.

Janet Stotler

Greenbelt Shell Wins Regional

The Greenbelt Shell softball team advanced to world competition for the third straight years as they overcame a 12 to 2 deficit in the 5th inning to defeat the Virginia Rebels 13 to 12.

A fine relief pitching job by Billy Steele, who held the Rebels scoreless in the last 3 innings, and crucial homeruns by George Moraz, Melvin Posey, and Rick Eisenicher led the amazing comeback by Greenbelt.

Greenbelt will represent the Washington area in Cleveland on the Labor Day weekend for the world title.

How come this kid has more money saved than you do?

Take stock in America. Now Bonds pay a bonus at maturity.

Because over the years his parents have invested in U.S. Savings Bonds—in his name, for his future—by participating in the Payroll Savings Plan at work.

He probably doesn't even know. And right now, he couldn't care less. But when he's older, that money can be used for a lot of things—a car, a college education, or even a new home.

The Payroll Savings Plan is an easy way to save money for you and every member of your family. When you join, an amount you designate will be automatically laid aside from

your paycheck and invested in U.S. Savings Bonds. It's a painless way to save.

And now there's a bonus interest rate on all U.S. Savings Bonds—for E Bonds, $5\frac{1}{2}\%$ when held to maturity of 5 years, 10 months (4% the first year). That extra $\frac{1}{2}\%$, payable as a bonus at maturity, applies to all Bonds issued since June 1, 1970... with a comparable improvement for all older Bonds.

Join the Payroll Savings Plan where you work and make your son the richest kid on the block.

Bonds are safe. If lost, stolen, or destroyed, we replace them. When needed, they can be cashed at your bank. Tax may be deferred until redemption. And always remember, Bonds are a proud way to save.

The U.S. Government does not pay for this advertisement. It is presented as a public service in cooperation with The Department of the Treasury and The Advertising Council.

CITY NOTES

The city was notified by the State Income Tax Division that its net taxable income for Greenbelt residents for 1972 was \$59,339,816. This represents a decline from the previous year, which was \$64,724,120. Dennis Piendak, assistant city manager, attributes this change to the fact that many residents of apartment complexes, such as Brae Brook, Goddard Space Village and Chelsea Woods put "Greenbelt" down on their income tax forms because they live in Greenbelt's postal zone although they actually reside in the municipality of Glen-dale. Therefore, in previous years Greenbelt was receiving money to which it was not entitled and the state has finally caught up with the mistake, Piendak explained. The net result is that the city will receive less revenue from the state.

The city also received notice that its share of money derived from the federal revenue sharing plan will be less than it has been. Previously the city received \$90,000 a year and during fiscal 1973-74 it expects to receive \$72,000. The reason for this drop is the updated census reports and changing income levels. A further cause is that under federal revisions, counties are going to receive more funds than municipalities. Therefore, the county's share is expected to rise by one quarter million.

The general crew of the Public Works Dept. has completed repairs to Ridge Rd. Ridge, plus Spring-hill Drive and the driveway of Ridge Rr. Center awaits topping by a contractor.

The special details crew has been painting curbs and cross-walks. The parks crew have been cutting grass and maintaining the golf course and the ballfields. They are also working on Labor Day Festival arrangements.

The city collected 15½ tons of paper last week. The city's aluminum collection is going very poorly. Citizens are urged to bring their aluminum cans — along with the glass — to the containers at the public works building near the lake.

City Police Officer Receives Recognition

Sergeant Thomas Van Valkenburgh of the Greenbelt Police Department was honored recently by the Maryland Association of Women Highway Safety Leaders, Inc. He was presented with "An Award of Appreciation" for his efforts in channeling youth activities into constructive areas.

Nominated for the award by Chief William T. Lane, Van Valkenburgh was one of six award recipients from 43 nominees representing municipalities and the County Police Department in Prince George's County. In nominating him Chief Lane cited Van Valkenburgh's work as advisor to School Safety Patrols and safety programs as well as his off-duty efforts in youth athletics, both football and basketball, and work with an award winning drum corps. Also noted was that following last year's fire in Springhill Lake, Sgt. Van Valkenburgh, on his own time, played Santa Claus for the children of the fire victims.

FOR SALE: "1971" Honda CB 350 w/helmet and luggage rack. \$525. Call 474-6412. After 6.

Elaine Skolnik - 474-6060

Hope Mrs. Marguerite Burk, 4-H Plateau, will soon be feeling better. Mrs. Burk is in the Extended Care Section of Prince Georges Hospital and would like to hear from her friends and neighbors.

Happy-happy birthday to Oren Stern, 31 Lakeside, who was five years old on August 17.

Ann and Tony Pisano made it two wins in a row at the August 10 duplicate bridge game, scoring more than .667 in both games. Second place went to the team of Sid Barnett and Joe Nusinov with third place to Ted and Sue Pitzker. Next game: Friday, August 24.

Congratulations to John Colson, 9 Maplewood, who just received his PhD in Library Science at the University of Chicago.

Ann Falkenheim, Sue Bastian, Nadine Graunke, Jeanene Bickford and Jane Owens were among 21,900 people to welcome Johnny Cash at the Astrodome in Houston, Texas for the Festival of Discovery '73 Lutheran Youth Gathering.

Hugh Cottingham captured the Callaway Field Prize at the P. G. Co. Men's Amateur Golf Tourney.

Three Greenbelt craftsmen are being displayed at the Greenbelt library. Mrs. Gunnar Lilja has apple dolls, Ruth Kastner is showing a stoneware wall vase and a stoneware bowl, Barbara Mattheiss has a stoneware work entitled "Regal Lethary."

Miss Sandra Smith, 118 Greenhill Rd. has returned home after a tour of Holland, Belgium, Germany, Austria and Switzerland.

FAYE, I'D like to BAINTER you with this nice 3 bedroom brick with walk up attic. Window A/C, beautiful gold carpet, dishwasher, much more, and all for only \$22,900.

If SPENIG is "BUYING"-time, so is now when you see this 3 bedroom masonry home with dishwasher, washer, dryer, A/C, draperies, more with a beautifully remodeled kitchen for only \$23,950.

If you don't give a HOOT, GIBSON, about space, then those NEARLY 7 ACRES won't be of interest. With them comes a remodeled 3 bedroom farm house, large, ancient barn and other assorted buildings. Be sure to call on this one.

This one's a "WRINGER" CHARLES... 3 tremendous bedrooms, 18x30 ft. rec. room, den, everything to make life pleasant. Six acres and ten-stall barn are part of it in lovely Brock Hall Estates.

COME UP TO KASH REALTOR TO DISCUSS ANY AND ALL OF YOUR PROBLEMS RELATING TO BUYING OR SELLING PROPERTY. OUR PROFESSIONALS WILL QUICKLY TELL YOU HOW TO GO ABOUT BUYING OR SELLING IN A WAY THAT WILL BE MOST ADVANTAGEOUS FOR YOU. OR CALL 345-2151 ANYTIME - DAY OR NIGHT - AND WE WILL COME TO YOUR HOME AND SAVE YOU THE TRIP. WE ARE OPEN SEVEN DAYS A WEEK.

Charles County, Maryland**

May we add your name to the list?

While at least 20 local, state and federal agencies are reviewing plans for our first nuclear generating station, we're giving our customers the same opportunity. Copies of our application and accompanying reports are available for public inspection at our Nuclear Information Department, 1900 Pennsylvania Avenue, N. W. They are also available at the AEC Public Document Room, 1717 H Street, N.W., Washington, D. C., and at the Charles County Library, Garrett and Charles Streets, La Plata, Maryland. Please call our Nuclear Information Department, 872-2337, for an appointment to visit our office.
